

Water Distribution Systems Operator Level 2 and 3 Training Course

Marianna, Florida

Approved Courses by the FDEP

Students will receive “Water Distribution Operator Training Handbook” published by the AWWA

Schedule

April 24-27, 2012

State Exam Review: May 17, 2012

Description

This course is designed for the system operator who desires to be certified by the State of Florida Operator Certification Program. This course covers a wide variety of topics and covers the necessary material for individuals working in the drinking water distribution field.

Our instructors use a hands-on approach to learning. This course follows the Association of Boards of Certification (ABC) “Need-to-Know Criteria for Distribution Operators.”

Course Details

Cost: \$595
