## Onsite Courses

### *You can Save Time and Money:*

***Did you know that many of the UF TREEO Water and Wastewater training classes are available to bring to your location? To further save on costs, you may want to consider cooperating with some neighbors to have a regionalized training event. Contact Ron or Stephanie for details and a proposal.***

Stephanie West, [swest@treeo.ufl.edu](mailto:swest@treeo.ufl.edu) or 352/392-9570 ext. 216 | Ron Trygar, [trygar@treeo.ufl.edu](mailto:trygar@treeo.ufl.edu) or 352/392-9570 ext. 215

### Onsite Training Programs

The University of Florida Center for Training, Research and Education for Environmental Occupations (UF/TREEO) partners with your organization to customize training programs designed to meet your needs.

- Bring a current UF/TREEO open-enrollment course to your location
- Customize one of our courses to address your current training objectives
- Develop a new, unique course that meets your specific needs

### Benefits of Onsite Training

- **No travel expenses for your staff**
- Programs designed to meet specific needs and objectives
- Industry and regulatory examples, value-added material and hands-on training to maximize the educational experience
- Practical applications for the workplace
- Qualified instructors who bring real-world experience, the latest tools and proven technologies to the program
- Programs taught at your facility or a location of your choice
- Flexibility in scheduling
- The University of Florida's long-standing commitment to high-quality learning experiences
