

Professional Continuing Education Credits (Attributes)

UF TREEO courses are approved for various professional course credits. Be sure to check your specific course attributes listing to see if any of these credits are approved for the specific course you have enrolled in and are applicable to your profession. *If you are interested in receiving any of these credits, you will need to bring a picture ID, a copy of your professional license, sign in with the receptionist on your first break, and be in attendance for the entire session.*

These professional credits may include:

- *Professional Engineers,*
- *Florida Licensed Asbestos Contractors or Consultants*
- *Licensed Contractors (CILB)*

Our Asbestos Refreshers for Inspector, Management Planner, and Contractor Supervisor are currently approved by *Alabama Safe State*.

Professional Continuing Education credits are listed under “**Attributes**” under each course.
